Art History

We should try to influence the survey courses through open letters to Garry Kennedy and Dennis Young. (posted throughout the college)

Do research on other Art history courses in Womens studies programmes.

There is a survey of Womens Art History courses in the file or the Archives, as well as a running bibliography.

It is more important that a Feminist perspective be integrated into

the survey courses than to isolate it in a separate course.

Wendy Geller, Beth Levinson, will start writing letters. Avis Rosenberg and Greta Nemiroff are two people who should be contacted.
